John Deere row-crop and 4WD tractors

JOHN DEERE

Which row-crop and 4WD tractors qualify for the PowerGard Protection Plan?

New tractors: All new John Deere 7000, 8000, and 9000 Series tractors qualify. When you buy a new tractor, you can purchase a PowerGard plan anytime from the date of delivery up to 12 months or 1000 engine hours, for the lowest possible price. After this interval, you can purchase PowerGard Protection anytime up to 24 months or 2000 engine hours after the start of the John Deere basic warranty, for a surcharged rate. (To qualify for the delayed purchase interval at the surcharged rate, tractors must pass the PowerGard Certification inspection.)

PowerGard Certified pre-owned tractors: PowerGard Certified pre-owned tractors in dealer inventory may also be eligible.¹ For pre-owned tractors, PowerGard Protection must be purchased at the time of sale of the unit. (Pre-owned tractors that are PowerGard Certified by your local John Deere dealer have been thoroughly inspected with a 100+ point check of all main components and have passed detailed fluid testing and analyses.)

What does the PowerGard Protection Plan cover?²

Both Limited and Comprehensive plans cover mechanical breakdown caused by a defective component, due to faulty materials, or original workmanship.

Limited — Engine & Powertrain coverage: Main components of the engine and powertrain are covered.

Comprehensive coverage: Main components of the full machine are covered.

What will my deductible be?

All PowerGard plans for 7000 and 8000 Series tractors, regardless of coverage terms, have the same deductible of \$500 per work order. All PowerGard plans for 9000 Series 4WD tractors have a deductible of \$750 per work order.
